Input Needed to Ensure Schools’ Federal & State Funding

School System Preparing Plans for Federal & State Programs

Bulloch County Schools invites parents and the community to give input to its federal and state programs on Tuesday, May 26, 5:00 - 6:00 p.m., in the board room of the William James Educational Complex on 150 Williams Road. This meeting is held each year for the public to express their input on how they would like to see federal funds used in the school system.

These are some of the key topics that will be open for input:

- The school system's District Parent Involvement Policy that guides the services, events and resources offered by our parent involvement coordinators.

- The school system's Consolidated Local Education Agency Improvement Plan (CLIP). The CLIP is a consolidated planning document for each of the federal programs that the school system provides under the Elementary and Secondary Education (ESEA) Act and the Georgia Department of Education's Professional Learning Program. This consolidated plan eliminates the need for Bulloch County Schools to submit a separate planning document for each individual program. If you have a child that receives any of the following services, this meeting may be of interest to you: (1) attends any of our 13 Title I schools (all schools are Title I except SHS and SEBHS); (2) special education; (3) English for Speakers of Other Languages (ESOL); (4) Career, Technical and Agricultural Education (CTAE); (5) migrant; (6) any academic intervention services; or (7) homeless intervention.

If you need additional information, contact Bulloch County Schools' Federal Programs Director Georgiana Darsey at 212-8555 or gdarsey@bulloch.k12.ga.us.
