Learning to drive is a major milestone for your teen and it is important that young or inexperienced drivers learn safe driving techniques. In 2007, the State of Georgia passed Joshua's Law which requires all teen drivers to take an approved driver's education course before obtaining their Class D driver's license. Our state approved driver's education course includes **30 hours of classroom instruction, 6 hours of on-the-road instruction**, and meets the requirements for Joshua's Law. In addition, most insurance companies offer a discount on insurance premiums upon successful completion of the course.

There is no cost for the training. To be eligible for the free training, your child must:

- Be between the ages of 15 and 17
- Be a Georgia resident
- Have a valid Georgia Learner's Permit by the first day of class
- Attend all class sessions
- Participate in classroom activities
- Pass the final written exam with 70% or better, and
- Complete six hours of behind-the-wheel instruction with one of our driving instructors.
- Driving appointments will be scheduled once the classroom portion is completed.
