Dear Parents / Guardians,

Parents and students, I am excited to announce another European trip through Education First (EF) Tours. You are being personally invited to participate in this exclusive experience. The invitation to travel with us is also extended to you as the parents of the students. It is my hope that you and your child will be able to join us at the upcoming informational meeting to learn more about this unique opportunity. I have had the opportunity to travel with EF tours for the past seven years and after two successful trips with Statesboro High School, I am happy to continue the trend of taking students abroad to learn about the cultures of the world.

Students will be participating in a global learning experience in Europe, on a tour of their choice. The Scotland and Ireland Tour during the SHS Spring Break and it will take students through the lands of Celtic and Gaelic traditions. They will explore the Middle Ages of Edinburgh, the greenery of Dublin and the thriving artwork of Belfast. On the Mediterranean Journey, students will explore the beauty of Spain and Italy in the summertime (late June and early July). They will learn all about these incredible civilizations that have thrived, from ancient Rome to Renaissance Florence, to the incredible historical architecture of Barcelona.

The opportunity to experience our global classroom directly and see what we have been studying in our classes come to life is an incredible opportunity that will give these students new perspectives not only on themselves, but also on the world around them. In addition to this, having an international experience in high school makes students more competitive college applicants and more likely to participate in study abroad programs.

I will be hosting two mandatory enrollment meetings to discuss these amazing travel opportunities. Please e-mail me if you are unable to attend but still interested at Zmorrison57@gmail.com.
